Crane Project

The 57th AEC wanted to commemorate the 60 years of peace since the end of WWII while linking the history of JASC by involving alumni.

Thank you to all the alumni whose cranes and monetary donations made this project possible. The Crane project yielded over 1,000 cranes and over \$1,900 in donations.

Special recognition goes to Joyce Wegner (1988) who reported the story in her local newspaper and with the help of her students folded over 450 cranes!

Delegates presented messages of peace and 1,000 paper cranes folded by alumni to the Hiroshima Children's Memorial
